Edith Nourse Rogers Memorial Veteran's Hospital- Bedford, MA
Psychosocial Rehabilitation Fellowship Program
Postdoctoral Resident (Primary supervisor: Jay Gorman, Ph.D.)

September, 2019-
August, 2020

Primary Training Track: Compensated Work Therapy (CWT)

Supervisor: Lisa Mueller, Ph.D.

- Provide individualized supported employment and education services for Veterans seeking educational and competitive employment opportunities, including: resume building, job development, job placement, and ongoing vocational support
- Provide cognitive rehabilitation for Veterans seeking employment and education services and are experiencing cognitive deficits.
- Provide individual psychotherapy for individuals seeking employment and education services
- Collaborate to create and administer a program evaluation study of the supported self-employment program
- Collaborate on a research project examining the impact of Veteran health beliefs on seeking vocational services

Secondary Track: Domiciliary Program

Supervisor: Kevin Henze, Ph.D.

- Work as a member of an interdisciplinary team in the residential 50-bed program for homeless Veterans with a focus on strengths and recovery from a psychosocial rehabilitation perspective.
- Co-facilitate two weekly psychotherapy groups in the Domiciliary: Anger Management and Shame Resiliency. Groups are tailored to the needs of Veterans experiencing comorbid substance abuse issues and mental health issues.
- Provide individual psychotherapy for Veterans in the Domiciliary using evidence-based treatment approaches, including: acceptance and

commitment therapy (ACT), process-experiential therapy, behavioral activation, and other mindfulness-based approaches

Psychological Assessment Services

Supervisor: Malissa Kraft, Ph.D.

- Conduct neuropsychological and psychodiagnostic assessment consultations across inpatient, outpatient, and residential units.
- Communicate results of assessments, diagnostic impressions, and recommendations, through consultation and report writing.
- Advocate for testing services across the hospital and spread awareness of the clinical utility of psychological and neuropsychological assessments in providing optimal Veteran care.

McLean Hospital Southeast- Belmont/Middleborough, MA
